Preparing the Games

These are 'Print and Play' games.
Simply print the game on paper and it is ready.
Players will require pencils to play.

Each game is for 2 players with 2 games provided on each sheet so that the players can play the game twice.

Using the Games

Math Centers – These games are ideal for a math center activity. Have the children read the instructions themselves if possible as this is a great reading comprehension activity.

Display on Smart Board – The games can be projected onto your smart board and the class can be broken into 2 teams to play.

Homework – The games are also suitable for homework. They are a fun alternative to regular homework and parents can be involved in playing the game with their children. This is really popular with the kids and the parents.

Fast Finishers – The games are a perfect activity for those children who finish their work early.

Students as Teachers - A worthwhile activity is to have children learn how to play a game and then teach it to others. Teaching others how to play is a great communication activity.

Buddy Class Activity – Another use for the games is to use them as a buddy class activity. Have the younger students 'teach' their older buddies how to play the game.

Birdie Pairs

Find the Difference of 9

Color two adjoining numbers with a difference of 9.

a game for 2 players Need: Pencils

Players take turns to color 2 adjoining numbers with a difference of 9.

The numbers must be in squares that are joined along a side.

For example – on a turn a player could color 12 and 3 ($12 - 3 = 9$).

The last player who can color a pair of numbers with a difference of 9, is the winner.

Game 1				
15	10	8	13	4
6	1	17	4	16
0	10	8	17	7
9	3	12	14	5
18	14	16	3	12
14	5	8	6	17
5	2	11	15	8
11	9	15	6	
2	18	5	14	

Game 2				
11	2	17	8	14
3	8	4	13	5
12	6	1	4	13
6	15	10	7	5
15	16	7	16	14
9	18	9	15	6
18	14	5	7	3
14	5	4	16	12
11	2	13	12	3

Find the Difference - Four in a Row

Take from 12

$$12 - \square = \square$$

a game for 2 players Need: 2 dice, 2 different colored pencils

Each player uses a different colored pencil. Players take turns to roll the 2 dice, add the numbers together and take the total from 12. The player then colors the answer on the game board. For example – if a player rolls 4 and 3, they would color 5 ($12-7=5$). The first player to color a line of four squares is the winner. The line can go across, down or diagonally.

Game 1						
3	5	9	1	7	10	4
8	0	4	9	10	0	2
3	2	7	5	7	4	3
8	4	0	9	2	5	6
1	7	10	4	5	8	3
6	9	6	8	2	1	6
0	1	3	9	10	2	0
8	5	10	6	1	7	3

Game 2						
2	4	6	0	1	7	0
7	1	5	9	3	8	9
2	5	7	10	0	6	3
10	9	8	4	7	4	8
0	6	10	2	8	5	5
6	1	4	6	1	0	8
2	10	3	8	3	7	2
1	3	5	9	8	4	9

Thank You!

I would like to take this opportunity to thank you for downloading Subtraction Freebie No Prep Math Games and to wish you and your students lots of fun with these games!

Please consider leaving a comment and rating for the product.

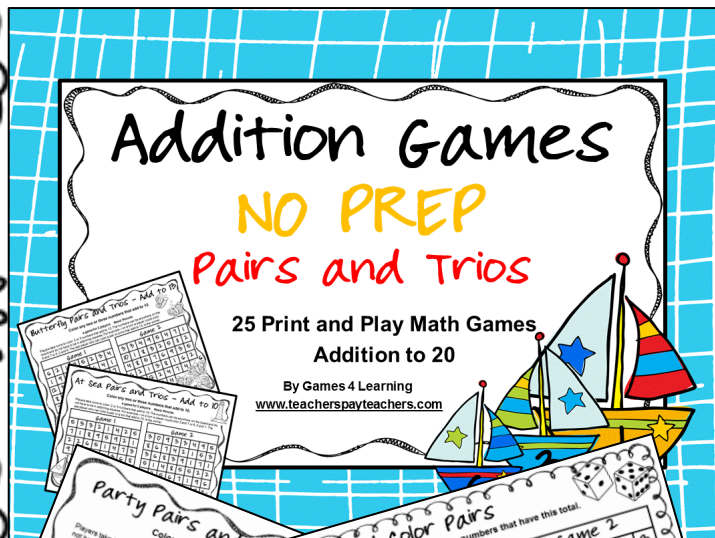

Kind regards,
Teresa
